

A Q&A WITH BUSTER JOHNSTONE

'FIRST CONTACT 02-2022'

By Paul Dale Roberts, Halo Paranormal Investigations

Buster Johnstone was born on Cape Cod in Massachusetts on April 18, 1960, at Otis Air Force Base, where his dad was stationed. During his childhood, Buster grew up thinking aliens were real. This belief was later confirmed by Buster's dad and his friends.

After receiving numerous "signs," Buster has decided to share his thoughts on the alien phenomenon and disclosure through his new book, *First Contact 02-2022*. I recently spoke with him about his new book and disclosure.

Q: Can you tell me why your book is coming out now? Why didn't it come out 5 years ago, or 10 years ago? Why now?

Buster: I tried social media first; however, I wanted to write and publish the book four years ago. It seemed one thing after another kept interfering with that process. Finally, it has been completed, and my take on it is that it was not supposed to happen until now.

Q: Did you learn from the aliens themselves that they were going to make first contact with us in 02/2022?

Buster: Yes. I can ask questions and my answers are given with clues. I put the clues together and get my answer.

Q: There are a variety of aliens, from the Reptilians to the Anunnaki and the Grays to the Nordic, and many more. Which aliens are going to make contact with us?

Buster: The original ones that protect me, and us, and that have brought us up to this point. Also watchers from other planets.

Q: When you lived on the Air Force base, what was some of the high strangeness you observed? What makes you feel that the phenomena you witnessed was of an extraterrestrial in nature?

Buster: I was young and not real sure what I was seeing. But it was enough to add to my wonderment.

Q: What is the agenda of the aliens? Will they merely live among us and let themselves be known, or will they have other plans for mankind?

Buster: To welcome us to the Galactic community, as they have with other planets that have reached our level of knowledge and technology.

Q. Are the aliens making first contact because we are destroying our environment? Are they going to stop the destruction of Brazil's rain forest or the forest in Siberia? Are they going to reverse climate change?

Buster: To help us evolve into a more caring society and teach us to not be such a warring faction.

Question: What if nothing happens on 02/2022? Would you believe that you were misled?

Buster: I have no doubt it will happen; my life has been set up for this occasion, as the book explains.

Q: If an extraterrestrial race of beings is going to make first contact

with us, why hasn't the military attempted to stop your book?

Buster: They know about me and have no more control over what happens. This is supposed to happen at this time.

Q: With the release of the Tik-Tok video, is the military preparing us for this first contact?

Buster: Yes, they know if you can't beat them join them.

Q: Thank you Buster for this interview. Is there anything you would like to add?

Buster: This is going to be wonderful time in the history of mankind, in our lifetime. WOW, I for one can't wait. I know I'm not alone.

Then I invite you to join me at "Where the Dark Corners Are", a podcast geared toward people who believe in the paranormal, who love traveling, who seek the ghastly stories, and learn about the morbid, the chilling and the seriously spooky.

Using the haunted world as our road map, each week we will visit a ghastly hot spot, anywhere from the port of New Orleans to the abandon castles of Romania.

And, as a gruesome bonus, on occasion, I will be joined by Da Panda, Panda Mike, as we take a road trip to a specific location, where we stop and discuss said place of absolute darkness and the horrifying madness that transpired there.

So join us on
